# Special Revised Price List—Spring, 1935

H. J. WEBER & SONS NURSERY CO.

AFFTON, MISSOURI

**SPECIAL NOTE TO OUR CUSTOMERS AND FRIENDS.**—Owing to our having quite a number of Catalogues of a previous edition on hand, we have decided to issue a general revised Price List showing the changes made necessary on account of a general shortage in some lines caused to a certain extent by the severe drought of the past summer also by the reduction of plantings the past year or two.

We trust you will bear with us in our endeavor to economize on overhead expenditures and will use this Price List for current prices. We will gladly mail a Catalogue to all who may have misplaced the last issue and want same for descriptions.

We want to thank our many customers who have been loyal to us and we trust we may merit your same good will this season.
